BOLERO

BOLERO

Here at Bolero, we take furniture seriously.

We know that guests want more than great food and drink. They want an experience.

How your restaurant, bar or cafe *looks* is now as important as what you serve. And providing the right environment is just as likely to keep your customers coming back as your menu.

So finding the right furniture is hugely important. Here at Bolero, we help you do just that.

Tables, chairs, parasols, gazebos and more – everything we design is made with the needs of busy businesses in mind. Each piece blends strength with style, giving you a variety of commercial-grade furniture pieces that are as strong in looks as they are in build.

The result is durable, long-lasting indoor and outdoor equipment that will never let you down.

We know how important time is to a business, too. That's why we won't leave you waiting around – with most of our furniture in stock and available for next day delivery, we can get it to you when you need it.

So, whether you're a bar, café, hotel, restaurant, bistro, conference hall or anything in between, we have what you need to impress your guests and create an environment they won't want to leave.

INDOOR FURNITURE

The right furniture can bring a room to life.

New furniture is all it takes to turn bland, unloved corners into vibrant spaces that can transform a simple meal into an unforgettable experience.

This is why we put so much effort into perfecting our indoor designs.

From chic wooden seating to faux leather fine dining chairs, trendy industrial stools to simple polypropylene furniture – every piece is made to add that special something to your spaces.

And, as we build everything to last – whatever you choose, it won't let you down.

Breathe new life into your dining areas, bars and coffee corners with our indoor collection.

KEY

Style and simplicity go hand in hand. These understated chairs effortlessly blend the two. Made with an extra durable steel frame and wipe-clean polyurethane seat – for casual style with commercial strength.

The stripped back industrial look is all about providing guests with open, uncluttered spaces they can relax in. Our hairpin collection is designed to do just that. Fusing the neutral tones of metal and wood, its clean, authentic feel will turn unloved areas into relaxed yet sophisticated spaces – and won't clash with your existing décor.

COMBINATION FURNITURE

Getting the look you want is important.

Our combination furniture is designed to help you do just that.

With a huge range of table tops and bases that fit together perfectly, here you'll find everything you need to create your own unique seating and dining areas.

And with all the sizes, shapes, colours and styles you could want, there's something for all tastes and requirements.

Simply pick a top, pair it with a base you like and fit them together. Customisation without the hassle.

With so many options to choose from, picking the right combination for you can be difficult. To help you choose, we've put together this handy guide.

TABLE TOPS
Our table tops come in three shapes, each designed with a specific use in mind:

SQUARE
The most popular table top shape. Utterly versatile, square tables can be used alone to seat two to four people (depending on table size) or pushed together for larger parties. The flat edge also means they can be pushed up against walls to maximise floor space when needed.

ROUND
Less formal but more social, round table tops allow groups of guests to chat freely without straining to see around each other. They also give guests the option of seating however many they can fit at the table – ideal for casual dining.

RECTANGULAR
Push them together for large groups or separate them for a more intimate atmosphere. Ideal for businesses regularly serving parties of four or more.

TABLE BASE HEIGHTS
Once you've chosen your table top, pair it up with a base for the perfect table:

COFFEE
Lounging with a coffee is one of life's great pleasures, and these tables are designed for just that. Knee height.

480mm

STANDARD
Typical table height. Perfect for dining.

680mm to 729mm

POSEUR
A taller base for spaces where customers may prefer to stand, such as bars and pubs. The ideal height for leaning.

1080mm

OUTDOOR FURNITURE

**Outdoor furniture has to be tough,
but that doesn't mean it can't be stylish.**

Our vast outdoor collection is built to weather the elements without sacrificing style. Patios, al fresco dining areas, pavements – whatever you're working with, we've got the perfect seating for it.

And seating isn't all we do. Parasols, patio heaters, gazebos and much more can all be found here. All designed to turn wasted outdoor areas into popular eating and drinking spaces that will set your business apart.

So, whether it's sun or rain outside, we have everything you need to make the great outdoors even greater!

KEY

Assembly	Fabric	Indoor use	Stackable
No assembly	Steel frame	Outdoor use	Information

FAUX WICKER FURNITURE

Faux wicker furniture for a classic and comfortable outdoor seating solution.

WOODEN FURNITURE

Timeless and tough furniture for adding long-lasting style to your seating areas.

METAL FURNITURE

Practical, durable and light; metal furniture is tailor made for bustling outdoor areas.

POLYPROPYLENE FURNITURE

High quality durable furniture in all shapes and sizes, designed to unleash your creativity.

EXTENDED OUTDOOR COLLECTION

The little things that make a big difference – from patio heaters to parasols and much more.

FAUX WICKER FURNITURE

Bring the smart and sophisticated feel of indoor dining outdoors with our popular wicker range. Simple but undeniably stylish, wicker complements almost any décor – ideal for adding a touch of class to your existing design scheme. The hardy nature of faux wicker also makes it weather resistant and sturdy enough for constant commercial use. Extra comfortable chairs made for summer lounging.

METAL FURNITURE

When you need practicality and durability, metal furniture is second to none. Lightweight and long-lasting, these rust-resistant and weatherproof pieces make the perfect low-maintenance outdoor furniture. Clean and simple, they'll also match most design schemes. Wipe them down after use for a quick and easy seating solution, wherever you choose to use them.

The outdoors can be tough on your furniture. That's why these lightweight aluminium chairs are designed to be rust and wear-resistant. Finished with armrests for lounging, they're as comfortable as they are sturdy. And, as they're stackable, they're ideal for pavement cafes or anywhere else furniture can't be left overnight.

FURNITURE FOR FUNCTIONS

From conferences to weddings, big events bring big numbers – and put extra pressure on you. Furniture that lets you down can make these tough days tougher.

But our durable, stackable and – most importantly – comfortable function furniture is designed to take the sting out of stressful events, giving you a huge selection of chairs, tables and benches you can rely on.

Plus, we've got everything you need to take the party outdoors. From barriers to folding furniture and much more, you'll find it all here.

So when the big day comes, the furniture's one less thing you need to worry about!

KEY

Assembly	Fabric	Indoor use	Stackable
No assembly	Steel frame	Outdoor use	Information

BANQUETING FURNITURE

Big events hinge on the small things. Make sure your furniture won't let you down with these durable banquet chairs and covers.

FOLDING FURNITURE

Simple to store and as sturdy as fixed furniture. The ideal solution for part-time seating areas.

BARRIERS

Create cosy corners or control your crowds with barrier ropes or canvases. Ideal for creating pavement-side rest stops.

BANQUETING FURNITURE

Uncomfortable chairs can make long conferences seem longer. And poor seating can distract diners from otherwise perfect meals. Our banqueting chairs are designed to be as comfortable as they are durable – leaving your guests with fond memories of the event, not nagging aches from poor seating! And, as they're stackable for easy storage, smart and stylish too, they're the perfect way to make the most of your events – big or small.

Looking to give your banquet chairs an extra touch of class? Add that special something to otherwise basic seating with these elegant chair covers, ideal for weddings, luncheons or any event calling for a little extra style. The stretch polyester design makes each cover easy to clean and tough enough for use in the busiest of events venues.

FOLDING FURNITURE

The big day is over when the inevitable question hits you: what do I do with all this extra furniture now?

The solution? Our folding range.

As sturdy, stylish and comfortable as fixed alternatives, but with the added bonus of collapsibility, this handy collection packs away quickly and easily – for simple storage when you need it.

Everything here is also great for multi-use spaces, allowing you to make room for impromptu barbecues or entertainment nights without the hassle of moving and storing bulky fixed furniture.

BUYING GUIDE

Ambience is everything. Get it right and you'll transform your restaurant, bar or café into more than a place to eat – you'll make it a destination, somewhere customers will return to time and time again.

Furniture is the easiest way to create this all-important ambience.
But, with so many options available, where do you start?

We've laid out the things you need to consider before you choose.

INDOORS OR OUT?

Looking to bring your interiors to life? Or thinking of sprucing up your outdoor spaces?
Our collection is split into indoor and outdoor sections to help you do both. Easy.
Just go to the relevant section and watch the options unfold.

INDOOR

What kind of venue are you running? A cosy café, swanky bar, classy restaurant or a relaxing and cheerful gastropub? Furniture can really help to establish your style, and create the exact feel you're going for. Our indoor section includes everything from chic urban-inspired wood and metal furniture for adding an on-trend industrial vibe to simple polypropylene furniture for brightening up simple spaces. Consider the look you want to create and go from there.

OUTDOOR

Style is important here too. But you'll also need to think about weathering. Wooden furniture, if treated right, can last for decades – ideal if you're planning on leaving tables and chairs in place permanently. Metal furniture is a great option if you're planning to pack away your outdoor areas overnight. Polypropylene is another great option, being both stylish and immensely durable. Whatever you need, you'll find it here.

STORAGE

If you're furnishing an outdoor space where furniture can't be left overnight – like a pavement seating area – or if you're kitting out a multi-use room, storage can be an issue. For spaces where furniture will be packed away regularly, check out our folding range, where you'll find everything from chairs to tables, all designed to fold flat for easy storage.

Many of our pieces are also stackable, giving you a huge selection of stylish pieces that can be popped to one side whenever you need extra room.

MIX AND MATCH

We know how important it is to get the exact style you want. Our table bases and tops are all interchangeable, allowing you to do just that. Create a unique piece of furniture and make your interiors your own.

SIZE

Picking the right size furniture may sound easy, but consider how much space a new set of chairs and tables will really take up before you buy. Making the most of the room you have is important, so be aware of how much space you have to play with before you choose.

MATERIAL

Style might be subjective, but durability isn't. Pick the material that best suits your needs and you'll have furniture that not only looks great, but that lasts too.

Each material has its benefits – and we've listed them all below.

WOOD

Perfect for indoor and outdoor use. Our indoor options are made to be durable, light and stylish. Our outdoor collection is made to be extra hardy. Treat wooden furniture right and it can last and last.

UPHOLSTERED

For indoor use only. Our collection is made up of wipe-clean dining chairs and plush, luxury seating. Hardwearing and built to impress.

METAL

Lightweight but immensely durable, metal furniture is perfect for almost any venue. Easy to clean, long lasting and superbly stylish.

FAMEG

Indoor seating from Bentwood pioneers Fameg. Incredibly stylish, fantastically durable and surprisingly lightweight. The go-to option for when substance needs style to match.

POLYPROPYLENE

Easy to clean, light and available in a massive range of shapes, styles and colours. A great material for adding style without sacrificing durability.

FAUX WICKER

Outdoor pieces built for lounging. Comfortable, extra stylish and durable. They also wipe clean for easy maintenance.

EXTRAS

Tables and chairs are essential, but the optional extras can really add the finishing touch to your spaces – especially when it comes to outdoor areas. Gazebos and parasols can turn otherwise bare patios into cosy alfresco dining areas, and patio heaters are a great way to make sure your guests stick around long into those chillier winter evenings. The increased profits from longer customer stays mean these extras soon start to look essential – and ensure they'll pay for themselves in no time too.

ENJOY!

Our huge range is designed to allow you to get creative. Pick what appeals to you and transform your spaces into areas your customers will love – and that you can be proud of.

HOW TO KEEP YOUR FURNITURE LOOKING FRESH

A little maintenance goes a long way. Give your furniture some TLC from time to time and it'll provide you with years – or even decades – of use.

The biggest benefit of this? Saving you money! Sprucing up your seating is always cheaper than shelling out for new chairs.

So, save on your spending by following these simple steps.

CLEAN

Warm water and a quick wipe down will remove most of the everyday dirt from your furniture.

However, from time to time more serious stains might crop up. If warm water just isn't cutting it, try adding a light detergent - making sure it's well diluted - before trying again. This should cut through the most stubborn of stains.

For metal furniture, try a stainless steel cleaner. This will revive the shine and leave it looking next to new.

DUST

Microfibre cloths are the key to effective dusting, preventing the build-up of static which can draw dust to your furniture like a magnet.

Use with a quality polish to buff your furniture back to perfection.

For material seat pads and backs, use a vacuum cleaner with a soft brush attachment.

TREAT

Wood or metal polish can bring the shine back to fading furniture – while providing it with a protective layer that will keep it shipshape for longer.

For wooden outdoor furniture, use teak oil liberally to protect it from the elements and increase its service life. Properly treated wooden furniture can last for decades!

Metal outdoor furniture should be treated with a quality metal polish. This will leave it with a lustrous shine that's hard to beat.

PROTECT

Preventing damage is the most obvious way to prolong the life of your furniture.

For outside seating, moving it indoors when not in use can minimise the wear and tear exposure to the elements can cause. If you haven't got the space for this, try using chair or table covers.

BOLERO
